Remarks

The Office Action mailed 29 October 2003 has been received and reviewed. The pending claims are claims 21-26, 29-47, 54 and 55.

Allowed Claims

Applicants thank the Examiner for indicating that claims 21-26, 29-47, 54, and 55 are allowable upon completion of the sequence listing correction, which is submitted herewith.

Sequence Listing

In efforts to comply with the requirements of the sequence rule, Applicants regenerated the sequence listing (using PatentIn 3.2) after changing <233> from "Peptide" to "Artificially Synthesized Peptide" and then ran this newly generated Sequence Listing through Checker 4.0. The Sequence Listing was completely successful with no errors.

Applicants believe the error has now been corrected and submit herewith a substitute Sequence Listing and identical computer readable disk. No new matter is presented in either of these items.
